

## PREPARATION TO DETECTION "YOUR COMPLETE ANALYTICAL SOLUTION"

With guest speakers and talks from Mason Technology, Genevac, Camag, Applied Biosystems and Shimadzu.

Mason Technology are hosting a series of Seminars throughout Ireland from May 25<sup>th</sup> - 29<sup>th</sup>. Mason Technology, with their partners - Shimadzu, Applied Biosystems, Camag and Genevac, wish to introduce new innovation tools & techniques from 'Preparation to Detection'

- **Talk 1 "Recent Advances in Concentration for Analysis"**

"Flask to Vial" - Genevac look at evaluations of new products that can reduce sample preparation, sample recoveries and easy sample introduction to instruments. (30 mins)

- **Talk 2 "Rapid Extraction of Compounds for On-line Transfer into MS"**

"HP TLC - MS Extractor" - Rapid extraction of compounds for online transfer into APCI-MS, APPI-MS or ESI-MS. Eliminate HPLC and Wasteful Method Development Time - Always a place for TLC! (30 mins)

- **Talk 3 "Optimisation of UFLC and NANO LC as a Front End Component for Mass Spectrometry"**

(ii) Also, an "Introduction to the NEW Shimadzu LCMS2020 - Single Quad - Seeing is Believing" (30 mins)

- **Talk 4 "Mass Spectrometry Solutions in Multiresidue and Targeted Peptide Quantitation"**

"Solutions provided by the QTrap and TripleQuad 5500 (30 mins)

\*\* The seminar will end with a Q&A session, refreshments and a chance to have a closer look at some instrumentation and chat to the specialists. \*\*

\*\* Please note that these seminars are FOC but there are limited places available \*\*
