

2018 Oceanic HPTLC Seminar

“HPTLC for Herbals/Botanicals”

Dear Colleagues and Friends,

It is our great pleasure and honour to invite you to our Oceanic HPTLC seminar. The main focus of our seminar is HPTLC for herbal/botanicals.

With special guest and main speaker: Dr Eike Reich; *Head of CAMAG Laboratory, HPTLC Association, member of USP and PhEur member of expert committee.*

Several international and domestic HPTLC experts will present a range of topics including :

- Definitions, differences between TLC and HPTLC
- Parameters of HPTLC and their influence on the analytical results
- Standardized HPTLC methodology as requirement for reproducible results
- HPTLC in the Pharmacopoeias and updated monographs, (USP and EP)
- HPTLC for the identification of botanicals
- HPTLC in a cGMP compliant environment
- Analytical aspects of the quality of herbals/botanicals
- Identity, purity and strength
- HPTLC for defining and assessing the quality of herbals/botanicals
- Qualitative and quantitative aspects of HPTLC fingerprints
- visionCATS – HPTLC made easy

Also included will be a range of topics on HPTLC in Pharmaceutical, Environmental, Food and Feed industries.
